KONU: Faculty of Pharmacy Orientation Training

Dear Students,

Welcome to the Faculty of Pharmacy family!

To support your transition to university and faculty life, provide you with essential information about academic and educational processes, and help you become familiar with our Faculty, an **Orientation Program** will be organized for all first-year students. **Attendance is mandatory, and students will be required to sign the attendance sheet upon entry.**

During the orientation program, you will receive information about the academic and administrative structure of our Faculty, educational processes, opportunities and resources available to students, and other essential matters that will help you throughout your university life.

We look forward to welcoming all our first-year students and helping you make a great start to your academic journey.
